Hi Lawrence,

I provided the 95% PS&E package to Christian to do the RE review and Jeff to do the PCA review. However, we'd like to extend the due date to 2/16. Currently we are short staffed and usually we are given 4 weeks to do the review.

Thanks, Cyril

Hello Jin, Joseph, and Cyril,

Could you provide me with your addresses/locations? I will be delivering the Hairball 95%.

Is one hardcopy set sufficient for each of you?

Thanks,
Lawrence

Jin, Joseph, Cyril,

I have two new projects that will need CM review:

1. 2768J Jefferson Street Phase 2 is at 65% design and working towards 95% (March 2018)
2. 2994J Hairball F/G is at 95% design and working towards 100% (January 2018) and will probably use a JOC

The project leads for both projects will be submitting hardcopies of the drawings and specs to you in the next few days but I wanted to let you know in advance and see if you wanted to meet for either project to discuss in person.

Thanks,
David
